## EUROPEAN SYNCHROTRON RADIATION FACILITY

## **STANDARD EXPERIMENT**

## **CONFIDENTIAL REPORT**

Experiment title:	Experiment number:			
Optimizing the spin-phonon coupling in single atom magnets on surfaces	HC-2708			
Main-Proposer:				
Luca Persichetti				
Beamline and dates of experiment :  ID32 from 22 to 28/02/2017 (18 shifts)				

A confidential report was submitted for this experiment; it was sent to the User Office on 11 September 2017.
