ESRF	Experiment title: Investigating the 3D Compton Profile and the role of electron-electron correlation in H2	Experiment number: CH-5705
Beamline:	Date of experiment:	Date of report:
ID31	from: to:	06/02/2023
Shifts:	Local contact(s):	Received at ESRF:
Names and affiliations of applicants (* indicates experimentalists):		
Reinhard Dörner, Max Kircher, Dimitrios Tsitsonis		
Institut für Kernphysik, Max-von-Laue-Str. 1, D-60438 Frankfurt, Germany		

Report:

Due to Covid-19 this beamtime (CH-5705) was cancelled. In 2022 we performed a successful beamtime (CH-6396) for which we wrote an experiment report.

The comments from the Review Committee for this proposal (CH-5705) were:

"The proposal was well ranked and accepted for beam time by the panel. However, given the current operational constraints resulting from the COVID-19 pandemic, we cannot yet guarantee the beam time for this proposal; please discuss with the beamline staff."
