Sardana Enhancement
Proposal

<https://sourceforge.net/p/sardana/wiki/SEP>

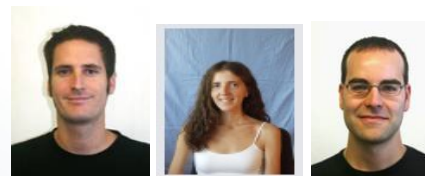

❏ Periodical Meetings:

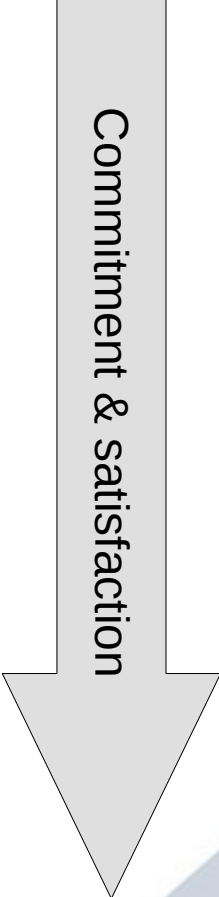

- ❏ We aim to organize a Meeting of the sardana community as a satellite of each Tango Meeting

❏ Video-conferences:

- ❏ They will be scheduled via the sardana-users mailing list
- ❏ unscheduled ones are also possible if required

- ❏ The contributions to Sardana core will be revised by a team before getting to the official trunk. As of today, this team will be formed by:
 - ❏ 1 person from Alba
 - ❏ 1 person from Desy
 - ❏ 1 person from Max IV
- ❏ For Controllers and Macros the decisions will be delegated to the authors of the existing items (and checked for duplicates if they are “new”)
