

<u>Experiment title:</u> Structural investigation of the conformational transitions of nucleotide derivatized polydiacetylene monolayer with its complementary mono- and oligonucleotide.	<u>Experiment no.:</u> SC-1711
<u>Dates of experiments:</u> 16/5/2005 to 21/5/2005	<u>Date of report:</u> 5/11/2006
<u>Local contact:</u> Dr. Oleg Konovalov	<u>Beamline:</u> ID-10B
<u>Names and affiliations of applicants (* indicates experimentalists):</u> Dr. Amir Berman*, Dept. of Biotechnology Engineering Inna Sigal*, Dept. of Biotech. Engineering Ben-Gurion University of the Negev, Beer-Sheva 84105, ISRAEL	<u>Shifts:</u> 24+18

A comprehensive report on this experiment is combined with a report on experiment SC-1990.
