

STANDARD EXPERIMENT
CONFIDENTIAL REPORT

Experiment title: Doping evolution of collective excitations in the electron-doped cuprates $\text{La}_{2-x}\text{Ce}_x\text{CuO}_4$ across quantum phase transitions	Experiment number: HC-2392
Main-Proposer : Weisheng LEE	
Beamline and dates of experiment : ID32 – 13 YO 19 July 2016 (18 shifts)	

A confidential report was submitted for this experiment; it was sent to the User Office.
