

CRG EXPERIMENT

CONFIDENTIAL REPORT

Experiment title: Nucleation and growth mechanisms during chemical solution deposition of thin films of piezoelectric materials	Experiment number: 01-02 1143
Main-Proposer : Mari-Ann EINARSRUD	
Beamline and dates of experiment : BM01- 23 to 26/07/2017 (9 shifts)	

A confidential report was submitted for this experiment; it was sent to the CRG Office on 11 September 2017.
