## European Synchrotron Radiation Facility

## **STANDARD EXPERIMENT**

## **CONFIDENTIAL REPORT**

Experiment title:	Experiment number:			
Characterization of nanocrystalline diamond microballs using nano-beam X-ray for pre-selection for use in the double stage diamond anvil cell as secondary anvils	MA-3370			
Main-Proposer:				
Leonid DUBROVINSKY				
Beamline and dates of experiment:  12-17/07/2017 – 15 shifts on ID11				

A confidential report was submitted for this experiment; it was sent to the User Office on 15 October 2017.
