

**CRG EXPERIMENT  
CONFIDENTIAL REPORT**

<b>Experiment title:</b> In situ studies of nucleation and growth mechanisms during hydrothermal synthesis of highly anisotropic oxide materials into nanorods	<b>Experiment number:</b> 01-02-1159
<b>Main-Proposer :</b> Mari-Ann Einarsrud	
<b>Beamline and dates of experiment :</b> 08/02/2018 – 13/02/2018	

A confidential report was submitted for this experiment; it was sent to the CRG Office on 28/02/2018.
