

DUBBLE – EXPERIMENT REPORT

We kindly request you to answer the questions (max 2 pages) and return the form to NWO **within 2 months of the completion of the experiment** to dubble@nwo.nl

Beam time number: 26-02/858		File number:
Beamline: BM26B	Date(s) of experiment: 23/04/2018 - 27/04/2018	Date of report: 16/May/2018
Shifts: 9	Local contact(s): Daniel Hermida Merino	

1. Who took part in the experiments? (Please indicate names and affiliations)

Daylan Tzompa Sosa, Robbe Heymans, Lien Tygat from UGent, laboratory of Food Technology and Engineering.

2. Were you able to execute the planned experiments?

YES/NO (If NO, please specify)

YES NO We initially planned to analyze insect fat in emulsion, however the emulsions were not ready by the time of the experiment.

3. Did you encounter experimental problems?

YES/NO (If YES, please specify)

4. Was the local support adequate?

YES/NO (If NO, please specify)

5. Are the obtained results at this stage in line with the expected results as mentioned on the project proposal?

YES/NO (If NO, please specify)

6. Are you planning follow-up experiments at DUBBLE for this project?

YES/NO

Probably, once we have emulsions from insect fat well characterized.

7. Are you planning experiments at other synchrotrons in the near future?

YES/NO

8. Do you expect any scientific output from this experimental session (publication, patent, ..)

YES/NO (If YES, please anticipate a date for submission of the envisaged publication/patent; If NO, please specify)

By the end of 2018.

9. Additional remarks
