

CryoEM EXPERIMENT

CONFIDENTIAL REPORT

Experiment title: Structural insight into human Δ1-pyrroline-5-carboxylate synthetase by using single particle cryo electron microscopy	Experiment number: MX-2113
Main-Proposer : Clara MARCO	
Beamline and dates of experiment : CM01 – 21 to 24 August 2018 (9shifts)	

A confidential report was submitted for this experiment; it was sent to the User Office **on 30 November 2018.**
