

STANDARD EXPERIMENT

CONFIDENTIAL REPORT

Experiment title: Magnetic phase diagram and possible high-spin to low-spin transition in the negative charge-transfer gap insulator Sr₂FeO₄ at high pressure	Experiment number: HC-4292
Main-Proposer : Peter Adler	
Beamline and dates of experiment : ID18 – 11-16/02/2021 (15 shifts)	

A confidential report was submitted for this experiment; it was sent to the User Office on **26/02/2021**
