

STANDARD EXPERIMENT

CONFIDENTIAL REPORT

Experiment title: Determination of the effect of Fe on the density, elastic properties and post-stishovite transition of eclogitic Al-, Ti-, Fe- and H ₂ O-bearing stishovite	Experiment number: ES-960
Main-Proposer : Anja Rosenthal	
Beamline and dates of experiment : ID18 – 27/01/2021 – 01/02/2021 (17 shifts)	

A confidential report was submitted for this experiment; it was sent to the User Office on 5 March 2021
