

STANDARD EXPERIMENT

CONFIDENTIAL REPORT

Experiment title: Structure and reactivity of As under extreme conditions: high pressure and high temperature synthesis of H-rich extended As-H structures	Experiment number: CH-6148
Main-Proposer : CEPPATELLI Matteo	
Beamline and dates of experiment : 02-05/02/2022 (9 shifts) on ID27	

A confidential report was submitted for this experiment; it was sent to the User Office on 25 February 2022
