

STANDARD EXPERIMENT

CONFIDENTIAL REPORT

Experiment title: The structure of the copper species contained by Cu-zeolites upon the partial oxidation of methane to methanol (MtM) determined with anomalous diffraction.	Experiment number: CH-6224
Main-Proposer : Przemyslaw Rzepka	
Beamline and dates of experiment : ID22, 21/06/2023 to 27/06/2023	

A confidential report was submitted for this experiment; it was sent to the User Office on 19/02/2023.
