

STANDARD EXPERIMENT

CONFIDENTIAL REPORT

Experiment title: High pressure chemistry of Sb and N: exploring the formation of the Sb-N bond towards the synthesis of antimony nitride	Experiment number: CH-6299
Main-Proposer : Matteo Ceppatelli	
Beamline and dates of experiment : ID27, 12/07/2022 to 15/07/2022	

A confidential report was submitted for this experiment; it was sent to the User Office on 07/09/2022.
