

STANDARD EXPERIMENT

CONFIDENTIAL REPORT

Experiment title: Tracking structural intermediates of a bacterial adenylate cyclase B. Study of the light induced conformational changes by time-resolved small/wide-angle X-ray scattering.	Experiment number: LS-3090
Main-Proposer : Sofia KAPETANAKI	
Beamline and dates of experiment : ID09, 05/07/2022 to 11/07/2022.	

A confidential report was submitted for this experiment; it was sent to the User Office on 10/09/2022.
